

## You're Our Silver Lining

At Maritime Wealth Management we believe service is paramount with our clients. We also believe that personal attention is deserved with every step of the planning process. You will often hear us say "Financial planning is a process, not an event". This means there are many steps in an evolving financial life, and we are with you every step of the way.

A bar of solid silver is much like a solid financial plan. And like a bar of silver, your financial plan should not be stored on a book shelf. It is not truly yours unless your fingerprints can be found all over it. Again like silver, your plan is precious. And the ultimate goal is to be sure your plan has that proverbial silver lining which defines success.

We wanted to choose a symbol to reflect our service. Something which would without doubt reflect our belief. What better than One Ounce of Solid Silver?

As a client of Maritime Wealth Management, please accept our gift of a One ounce .9999 solid silver bar. Please use this silver to measure our service, advice and relationship.
